## 1. Purpose

In South Australia, trees of a certain trunk circumference are classified as Significant or Regulated trees and controls are in place to protect these trees under the Planning, Development and Infrastructure Act 2016. There is a growing awareness of the vital role Significant and Regulated trees play, some of which may be remnants of the native vegetation that once grew here or plantings by the early European settlers that perform a commemorative purpose dedicated to important people or mark significant events in history. This rebate program encourages the community to retain and maintain these important trees.

The *Significant and Regulated Tree Assistance Rebate Program* provides financial assistance for property owners/rate payers to take action that helps maintain their Significant/ Regulated tree.

## 2. Rebate Amount

The rebate amount is up to \$1,000 per tree with a maximum of one (1) rebate provided per rateable property per year. The rebate amount can be used towards the following:

- Arborist report (when works are subsequently undertaken on the tree)
- Tree pruning
- Pest and disease control

Total funding for the rebates is limited, and applications will be processed on a first come first serve basis until all funding is exhausted if that is earlier than 30 June 2024.

See *Section 4. Eligibility* below to see if you are eligible to apply.

## 3. Significant and Regulated Tree Criteria

A regulated tree is:

- A tree with a single trunk with a circumference of 1 metre or more (when measured 1 metre above natural ground level);
- A tree with multiple trunks with a total circumference of 1 metre or more and an average circumference of 310 millimetres or more (when measured 1 metre above natural ground level).

A significant trees is:

- A tree with a single trunk with a circumference of 2 metres or more (when measured 1 metre above natural ground level);
- A tree with multiple trunks with a total circumference of 2 metres or more and an average circumference of 625 millimetres or more (when measured 1 metre above natural ground level).

In accordance with the Regulations the following list of species cannot be used in the West Torrens rebate program:

- *Acer negundo* (Box Elder)
- *Acer saccharinum* (Silver Maple)
- *Ailanthus altissima* (Tree of Heaven)
- *Alnus acuminata* subsp. *Glabrata* (Evergreen Alder)
- *Celtis australis* (European Nettle Tree)
- *Celtis sinensis* (Chinese Nettle Tree)
- *Cinnamomum camphora* (Camphor Laurel)
- *Cupressus macrocarpa* (Monterey Cypress)

- *Ficus* spp. (Figs), other than *Ficus macrophylla* (Morton Bay Fig) located more than 15 m from a dwelling
- *Fraxinus angustifolia* (Narrow-leaved Ash)
- *Fraxinus angustifolia* ssp. *Oxycarpa* (Desert Ash)
- *Pinus radiata* (Radiata Pine/Monterey Pine)
- *Platanus x acerifolia* (London Plane)
- *Populus alba* (White Poplar)
- *Populus nigra* var. *italica* (Lombardy Poplar)
- *Robinia pseudoacacia* (Black Locust)
- *Salix babylonica* (Weeping Willow)
- *Salix chilensis* 'Fastigiata' (Chilean Willow, Evergreen Willow, Pencil Willow)
- *Salix fragilis* (Crack Willow)
- *Salix x rubens* (White Crack Willow, Basket Willow)
- *Salix x sepulcralis* var. *chrysocoma* (Golden Weeping Willow)
- *Schinus areira* (Peppercorn Tree)
- *Melaleuca styphelioides* (Prickly-leaved Paperbark)
- *Lagunaria patersonia* (Norfolk Island Hibiscus)

Refer to: [https://plan.sa.gov.au/\\_data/assets/pdf\\_file/0005/799232/FAQ\\_-\\_Protecting\\_regulated\\_and\\_significant\\_trees.pdf](https://plan.sa.gov.au/_data/assets/pdf_file/0005/799232/FAQ_-_Protecting_regulated_and_significant_trees.pdf):

Pruning is not to result in more than 30 per cent of the tree crown.

For further information around what Significant and Regulated trees are defined as and what rules apply to works undertaken on these trees please visit the Plan SA website:

[https://plan.sa.gov.au/our\\_planning\\_system/programs\\_and\\_initiatives/significant\\_and\\_regulated\\_trees](https://plan.sa.gov.au/our_planning_system/programs_and_initiatives/significant_and_regulated_trees)

#### 4. Eligibility

To be eligible, applicants must be able to meet the following criteria:

- The property must be located within the City of West Torrens.
- Applicants must be the property owner, however if application is from a tenant, approval in writing from the property owner is required.
- Applications for strata title residential properties must include written proof of support for the application by the body corporate.
- The subject tree must be located on the applicant's private property in West Torrens. However if the subject tree is overhanging the applicants property from a neighbouring property, a letter of support/approval from the property owner of the tree must be provided with the application.
- The subject tree must satisfy the criteria for either a Significant or Regulated tree as specified in Section 3.
- The work undertaken to the subject tree must be in accordance with the rules that apply to works undertaken to Significant or Regulated trees as specified on the Plan SA website.
- Legible and clear supporting documentation must be provided. An itemised receipt showing payment of the arborist tree report (if applicable) and the pruning and/or pest and disease control activities must be provided with the application.
- A maximum of one (1) rebate will be provided per property as outlined in *Section 2. Rebate Amount*.

#### 5. How to Apply

Applications for the rebate are to be lodged online through the SmartyGrants website: [westtorrens.smartygrants.com.au/SART2023-24](https://westtorrens.smartygrants.com.au/SART2023-24)

The rebates open for application on 29 September 2023, and close on 30 June 2024, or until the funding is exhausted.
